

Pumpsider™ with Pop n' Sell unit

The **Pumpsider** POS display drives traffic into the store and makes advertising at the fuel pump easy and effective.

The **Pumpsider** is exclusively designed to work with Outta the Box Dispensers' Pop N' Sell units. To keep costs to a minimum, the durable surface of the Pumpsider can be used with numerous Pop N' Sell dispensers and for easy rotation on the same Pumpsider display. Utilizing Align-Rite™ waves and die cuts, the Pumpsider can quickly be transformed from flat to full display.

Get Noticed:

- The Pumpsider and other Outta the Box dispensers meet your Point of Purchase and Point of Sale requirements with simple to install, disposable and affordable mini displays. Combined with Pop N' Sell coupons, **The Pumpsider™** helps drive traffic into the store.

Drive Immediate Redemption:

- Outta the Box Pop N' Sell weather resistant coupon dispensers on either side of the highly visible Pumpsider prompts immediate redemption and drives foot traffic from the pump to the store.

Outlast the Competition:

- The rugged durability of the Pumpsider and its ability to withstand outside elements ensures that the long lasting Pumpsider provides plenty of ROI for advertisers. It is weather resistant and will last in the outside elements for up to 6 months.
